KEVIN TENNISON

Shivamogga, Karnataka, India | +91 7795165775 | thekeviboy24@gmail.com | GitHub | LinkedIn | Portfolio

PROFESSIONAL SUMMARY

Computer Science and Design undergraduate with hands-on experience in AI/ML, full-stack web development, and database management. NPTEL Elite certified in Java. Experienced in leading teams in hackathon environments and passionate about creating user-centered solutions that bridge technology and design.

EDUCATION

B.E. , Computer Science and Design | PES Institute of Technology and Management, Shivamogga, KA | *Expected Jun 2027*

- GPA: 7.88/10.00
- Concentrations: Technology and Design

TECHNICAL SKILLS

Programming Languages: Python , Java , C , HTML , SQL
Web & AI Technologies: JavaScript , REST APIs , Airtable API , Machine Learning , AI
Tools & Platforms: VS Code , Figma , Canva , Zapier , Git , GitHub
Concepts: OOP , DSA , UI/UX Design , Agile/Hackathon Development
Languages: English , Kannada , Tamil , Malayalam

PROJECTS

Deep Learning-Based Smart Food Analyzer *(Major Project – Ongoing)* | *Jan 2026 – Jan 2027*

- AI-powered system analyzing packaged food nutrition data to generate health scores, risk alerts, and quality classifications with personalized dietary recommendations using DL.

Technologies: Python, TensorFlow , OpenCV, Machine Learning, Deep Learning

Bot Guard | *Hackathon – Team Lead* | *April 2026*

- AI-driven behavioral security system for FinTech platforms detecting and blocking Agentic AI bots using behavioral biometrics, adaptive UI traps, and real-time threat detection.

Technologies: Python, AI/ML, Behavioral Analytics, FinTech Security

CampusPulse – Feedback Tracking System | *Academic Project* | *Aug – Nov 2025*

- Client-side feedback tracking web app fetching and displaying student feedback in real time via Airtable REST API with interactive dashboards and full in-browser data processing.

Technologies: JavaScript, HTML, CSS, Airtable REST API

College Database Management System | *Academic Project* | *Mar – Jul 2025*

- Web-based DBMS to organize and retrieve data for students, faculty, courses, and academic reports with a responsive front-end enabling streamlined administrative workflows.

Technologies: SQL, PHP, HTML/CSS, JavaScript

CERTIFICATIONS

NPTEL Elite Certification – Programming in Java | IIT Kharagpur (NPTEL) *Issued May 2026*

- Completed the 12-week NPTEL course with an Elite certificate (76%). Strengthened Java, OOP, and core programming concepts.

EXTRACURRICULAR ACTIVITIES & ACHIEVEMENTS

Hackathons & Technical Events

- HackFest 2026 – NMAMIT, Nitte: Shortlisted from 750+ registered teams for the 36-hour state-level hackathon (April 2026).
- State-Level 6-Hour Hackathon – Malnad College of Engineering, Hassan: Developed a prototype in a competitive team environment.

Research & Publications

Smart Feedback Classifier: An AI Based Analytics System for College Helpdesk | *IJFMR Vol. 7, Issue 6 Nov–Dec 2025*

- Published AI-based analytics system (Paper ID: 62726) classifying student feedback to enhance college helpdesk efficiency and support data-driven decisions.

Cultural & Performing Arts

- Keyboard Accompanist at VTU State-Level Cultural Youth Festivals: BlissBeat 2024 (SJCIT), Interact 2025 (GAT, Bengaluru), and Acharya Habba 2026 (AIT, Bengaluru), and a Self-employed Music Mentor and Keyboard Instructor.
